

Outdoor Natural Gas Fire Pits

Imagine it... a perfect summer evening in Georgia with your closest friends and family sharing stories around a beautifully designed fire pit centerpiece.

Adding a natural gas fire pit to your backyard can add both investment and entertaining value to your home.

Searching the internet can reveal endless style possibilities ranging from rustic retreat to modern elegance.

FIRE PIT OPTIONS:

- masonry fire pit rings
- fire pit tables
- linear fire pits

FILLER OPTIONS:

- gas logs
- fire glass
- lava rock

SAFETY TIP:

Before installing a natural gas fire pit, select a location that is free from overhanging trees and plants. Adding gravel around the base of the fire pit can also help reduce the risk of a fire.

gas up the stove

Cilantro Seasoned Corn

"I cook this dish a lot in the summer with tomatoes and corn from my garden."

—Rebecca Levens

- 3 cups corn
- ¼ cup water
- ¼ cup fresh cilantro, chopped
- ¼ teaspoon salt
- ¼ teaspoon cumin seeds
- ¼ teaspoon pepper
- 1 tomato, peeled, seeded and chopped

Combine first six ingredients in a microwavable container and stir well. Cover with wax paper and microwave on high for 6–8 minutes. Stir in tomatoes, recover and microwave on high for 1–2 minutes or until corn is tender.

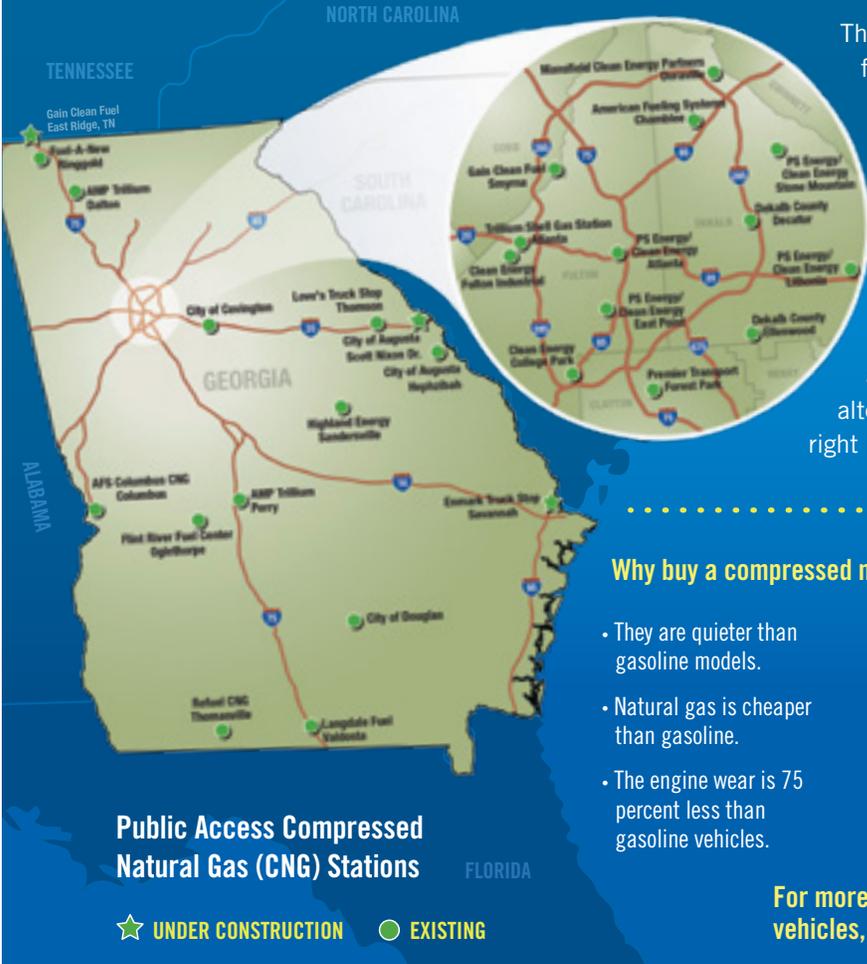

Submitted by Rebecca Levens. Featured recipes are not independently tested so, we must depend on the accuracy of the cooks sending them. Always use safe food handling, preparation and cooking procedures from the recognized experts.

More Refueling Options for Natural Gas Vehicles

The number of natural gas fueling stations is multiplying in Georgia.

Energy security, concern for the environment and economics are driving the market for alternative fuels and technologies.

Natural gas is abundant, available, the cleanest of all alternative fuels and produced right here in North America.

Why buy a compressed natural gas (CNG) vehicle?

- They are quieter than gasoline models.
- Natural gas is cheaper than gasoline.
- The engine wear is 75 percent less than gasoline vehicles.
- The oil must be changed only every 10,000 miles.
- Natural gas vehicles are better for the environment.
- Available refueling appliances allow you to fill the tank in your own driveway.
